NOVA THULIUM

SYSTEM: MACRAGGE
SUB-SECTOR: ULTRAMAR
SEGMENTUM: ULTIMA

Working under the feudal system common across the Imperium, Agri-world Nova Thulium provides the vast majority of the food for the rest of the Macragge system. However, due to the demands of the endless mouths of the neighboring hive world Ardium, malnutrition is common. This proves to be a secondary concern due to the endemic chemlung suffered by the workers. A productive life beyond forty is unlikely. When the body fails, they can still serve the Emperor—as a natural supplement to the artificial fertilizers that killed them.

Thought for the Day:
A farmer who fails to feed the soldier is as much an abomination as a soldier who flees the battlefield.

A SPELL THAT MAKES YOUR DICK BIGGER

I HAD YOU RETREATING FOR THE WHOLE DUEL, MARNEUS. IF IT WAS A FIGHT, I WOULD HAVE WON. I'M THE WARRIOR, NOT YOU.

I WISH TO BE A *SPACE MARINE*, NOT A MERE WARRIOR. THE BATTLE WAS TO FIRST BLOOD, SEVERAN.

A WARRIOR FIGHTS THE BATTLE THEY ARE GIVEN, NOT THE ONE THEY WISH.

IS MARNEUS QUOTING SCRIPTURE *AGAIN?*

DON'T, KATO. YOU'LL PROMPT HIS SANCTIMONIOUS "ANYONE CAN QUOTE SCRIPTURE, THE POINT IS TO MAKE IT LIVE IN YOUR HEART" RAMBLE. HE HURTS ME MORE WITH HIS WAFFLE THAN HE DOES IN OUR DUELS.

MARNEUS--

I HEARD.

"HE'S HERE."

THANK YOU, LITTLE WARRIOR.

NO FUTURE SPACE MARINE WOULD TREAT HIS HELOTS AS IF THEY WERE WARRIORS EITHER. TACITAN WOULD DISGRACE A PENAL BATTALION.

SUCH PATRONIZING KINDNESS IS NOT FOR A WARRIOR BORN!

CLEARLY, *WE* DON'T UNDERSTAND HIS UNFETTERED GENIUS.

NO NEED FOR CRUELTY FOR MARNEUS, THE GOLDEN CHILD...

Well, well, dear sister...
Who knew the mighty Owl Lady had such ticklish vulnerabilities?

Oh, but it is—for now.
You lost the duel, and this is your penance.

Honestly, Edalyn,
I thought you'd put up more of a fight.
But here you are—at my mercy and...
Terribly twitchy.
Now let's get to it shall we?

Y-YOU BETTER HOPE I DON'T GET LOOSE, LILITH!
THIS ISN'T OVER!

TOUCH 'EM LIKE THAT AGAIN AND I SWEAR I'LL-HA-HEX YOUR EYEBROWS OFF!

Brother you have returned!
Where you been all this time?
I was at the webway clapping Dark Eldar cheeks everyday.
Ah I see you're a man of culture as well
Ah... I think you misunderstood me

General Relativity: How Gravity Shapes the Universe

Gravity is not a force, but the result of mass curving space and time.

The Mechanics of Spacetime

Spacetime as a Flexible 'Fabric'

Space and time are linked in a fabric that mass can warp and curve.

The Relationship of Mass and Movement

Mass tells spacetime how to curve; curved spacetime tells objects how to move.

Gravity as Curvature

Massive objects like the Sun cause a curvature felt as gravity.

Observable Effects & Evidence

Gravity Bends Light and Time

Gravity alters the path of light

Gravity causes time to run slower.

Confirmed by Scientific Evidence

Proven via gravitational lensing, time dilation, and Mercury's orbit.

Gravitational Lensing

Time Dilation

Mercury's orbit

$$G_{\mu\nu} = \frac{8\pi G}{c^4} T_{\mu\nu}$$

$T_{\mu\nu}$ = Mass-energy tensor

$\frac{8\pi G}{c^4}$ = The effect of mass-energy

$G_{\mu\nu}$ = Curvature of spacetime

THE TYRANT OF BADAB

Lugft Huron, Master of the Astral Claws Chapter and overall leader of the Secessionists during the Badab War

Source Material: *This image of the Tyrant of Badab was found within the manse of the Pyrenios family, one of the noble houses who formed the ruling puppet oligarchy of Eshunna. The painting is dedicated to "Our Glorious Master Lugft Huron" (representing his name in local dialect whereas the derivations Lugft or Lulgt are more common in the Low Gothic). It is an example of the Tyrant's endemic cult of personality within the Badab Sector and remains perhaps the finest extant portrait of the Tyrant during the war, and one of the few to escape the Edict of Obliteration*

PUNISHMENT CIRCLE
1 minute break

Every touch felt like hell.
The shrine maidens would continuously prod and scratch at her most tender and vulnarable creases.

First they'd rake their nails along the soft skin of her armpits.
Then came the teasing...
And finally, the torturous kisses and long strokes along her naked soles.

And just when she finally feels her body shutting down... it starts again.

ONCE UPON A TIME, A RETIRED POLICEWOMAN RETURNED TO ACTIVE DUTY AFTER MANY YEARS AWAY.

ON HER FIRST DAY BACK, SHE MISTOOK THE MAYOR FOR A CRIMINAL (TOO PROUD TO ADMIT SHE NEEDS GLASSES).

ARE YOU THE MAYOR? YOU WON'T FOOL ME, YOU CROOK!

HOLY SHIT, LOOK AT THAT! THE MAYOR BEING ARRESTED?!

AND NOW SHE IS NEGOTIATING WITH THE MAYOR TO LET HER KEEP HER BADGE...

WHILE "*FUCK THA POLICE*" BLARES FROM HIS OFFICE, MINGLING WITH STRANGE SHOUTS...

Mai_arti
2025

His house is a real mess, but it's not dirty. He himself has impeccable hygiene. Not so surprising, given that Mr. Pervert has a real hot spring at his disposal as a bathroom. He quickly became a big fan of taking baths together. So every now and then, he chases me (I don't mind bathing with him, but he likes it when I pretend to run away, so...), catches me, ties my wrists and ankles with a big cotton rope (I think it's supposed to be the softest type of fiber for a rope) without tying it too tight. Then he carries me in his arms, sometimes using the opportunity to cover me with kisses, and takes me to the bathroom as if we were newlyweds. Of course, he washes me all over himself. He can spend a full five minutes just on my belly button. He says it's important: "It's the center of the universe."
And he's a good listener. He always looks bored to death when he has to explain things about his work, but never when he listens to me talk about my messy life.
And if that wasn't clear enough: he's a good kisser.
Another thing that never ceases to intrigue me is despite seizing every occasion and using every toy imaginable to make me come—I mean, after spending the longest hour teasing me and denying me the pleasure, because **of course** he does that too—he has never attempted to initiate more... traditional intercourse. Even though I know for a fact that he owns all the necessary "equipment", that it's in perfect working condition, and that I've read enough of his depraved books to know it's something that's always in the back of his mind.
I may be wrong, but I think if it's going to happen, I would have to be the instigator. I'm not opposed to the idea. There's no reason why I should always be the only one moaning in this house.
I doubt it'll be very complicated. After all, he loves my boobs, he loves my feet, he loves my shoulders, he loves my legs, he loves my ears, he loves my neck, he loves my armpits, he loves my eyes, he loves my tummy, he loves my hands, he loves my hair... **boy**, does he love my hair!
Some people have several fetishes, this creep seems to have only one: women.
He never directly says he loves me, but he doesn't need to: his eyes and hands do it for him.
And it's not just my body. Apparently there's something about my behavior that drives him completely crazy. You'd think it's just the fact that I'm very good at playing the furious little rebel who will always resist him, but the rare occasions when I let myself go and become an affectionate kitten perhaps have an even greater effect on him... I shall pursue the investigation.

WHAT THE...?! HEY, STOP! NO! NOT THAT!

WHATS THE MATTER, DEBBIE? IS SOMETHING WRONG?

WHO WOULD HAVE THOUGHT THAT NOLAN'S WIFE WOULD BE SUCH A LITTLE THING THAT A FEW TICKLES COULD DEFEAT HER SO EASILY.

NAME: GENEVA ANN HAILEY
AGE: 18
Foot size: 10
occupation: N/A

Here we have Geneva, a young new model that we found in a Website called "Secret Soles" after watching a lot of of her videos, we realize that she was a perfect model for our signature videos that we like to do with our models. Godly enough, the original heroes that does all our interviews is gone on vacation. So we decide to ask Mr. F to do the interview of Geneva, after all he does have the right social skills to ask the questions and do the interview. And also Mr. F is a big fan of her work.

So it was pretty easy for them to get along with common interest , since both of them are models of the same fetish, the interview went smooth , even enticing her with the activity of the tickle Footjob . Once [illegible] Mr. F help Geneva on top of the seat, even tied her arms behind her back with some gentle bandage robot, we don't wanna hurt our newest model don't we? Now it was Mr. F's turn, he invited a third person to the party to help with the tickling of the Footjob. Once both our models were strapped, and tied to the chair the tickling of Geneva's feet has started, resulting in with the obvious shaking around and unintentionally giving Mr. F an Footjob. But besides being tickled Geneva has decided to tease Mr. F by tickling his penis with her toes, she was quite skilled with her tootsies that he manage to make Mr. F cum multiple times. Quite impressive that she's doing while being tickled. I guess she was being serious about milking Mr. [illegible]

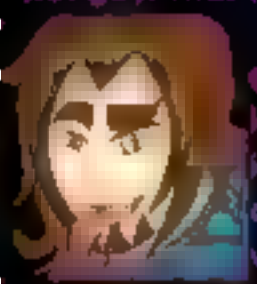
Name: Nyx
Age: In her 20s
Foot size: ?
Occupation: Unemployed artist

This is one of our newest feet models that one of our talent scouts just found online, based on the information that we can gather on Nyx, she's basically a freelance NSFW artist mostly doing foot fetish and fetish art of anime characters. In some rare occasions she also does cosplay of her favorite characters. Quite the interesting girl that we found. When we first found her, she was quite hesitant to take the job as a foot model, but once we mention about the paycheck she quickly agreed to the job, she was also interested in exploring her own foot fetish. She also mentioned that she hopes that her partner was a hot guy. That won't be a problem for us to arrange.



When Ms.F and Nyx meet, it was quite the adorable interaction, Nyx being the more introverted girl, while Ms. F being the introvert simply attack her with a couple of compliments and unintentional flirting, which in return simply made Nyx flustered.

Ms.F wanted to show her an example of what she's gonna be experiencing, so she's by getting her down in a smooth, revealing one of her stockings and licking the arch of her foot. Almost like he turn on a switch, Nyx bounce on Ms.F and start to smooch him with kisses, and even giving him a foot job. As entertaining as it was, we need to stop him since this was not the type of shooting that we agree on. It took us a while, but we restrain her to the couch, and started with the footing.

There's nowhere to run.

But you can try. The thrashing is kind of cute.

This is an older video of mine, and after reviewing it again. Everything after the 2 minute mark the camera unfocused and makes the rest of it mostly blurry. You can still see what's happening, but it's not the same. Enjoy this snippet of the best part.

Warhammer 40,000: Lone Wolves (2003-)

DESCRIPTION | CHAPTERS (1) | COMMENTS (0)

Warhammer 40,000: Lone Wolves is a comic book series published by Games Workshop in 2003, featuring the writing of Dan Abnett and artwork by Karl Richardson. Set in the grimdark universe of Warhammer 40,000, this series delves into the enigmatic nature of the Lone Wolves, a group of Space Marines from the Space Wolf chapter. These warriors appear at critical moments to aid the beleaguered soldiers of the Slovak Regiment of the Imperial Guard, embodying the unpredictable and often brutal nature of war in this dystopian future.

The central conflict revolves around the mysterious origins and motivations of the Lone Wolves as they engage in fierce battles against various foes threatening the Imperium. The narrative explores themes of loyalty, sacrifice, and the burdens of duty, as the protagonists grapple with their purpose and the consequences of their interventions. The setting is characterized by war-torn planets and the relentless chaos of the 41st millennium, where the Lone Wolves must confront not only external enemies but also the shadows of their own pasts.

This run is significant for its exploration of the Space Wolves' lore and the moral complexities faced by the characters within the Warhammer 40,000 universe. Fans and collectors can read Warhammer 40,000: Lone Wolves (2003-) online free, view full issues, and access high quality comic scans to fully appreciate this gritty narrative and its impact on the broader Warhammer mythos.

Batman: The Court of Owls

Dante's eyes slid open slowly. Disoriented, it took him a second to realise he was in his bedchamber in the Heavenward Redoubt of the Arx Angelicum, and not on Terra

He sat up. The sheets of his huge bed whispered off his skin.

An extravagant clock ticked softly at the other side of his bedchamber. Dante had been asleep for three hours. Once, Dante was capable of fighting for days without rest. Now he took sleep when he could and woke weary from it. If he could, he would have enjoyed the Long Sleep.

Having no better plan in mind, I followed Drumon to the bridge. If necessary, I was prepared to argue that my position as liaison officer made it my business to remain abreast of any unexpected developments, although to be honest I just thought that would be the best place to find out what in the Throne's name was going on. I've been involved in a fair number of space battles in my time, far more than any Guardsman has a right to expect, and in all too many of them the only thing I could do was sit there and wait for the troopship to take a hit. At least on the bridge you can watch events unfolding in the hololith, which introduces a curious kind of detachment into the proceedings, as the contact icons go through their stately dance of life and death.

In the event, however, no one challenged my right to be there, which came as a welcome surprise. In fact, the only thing which surprised me more was that until Drumon arrived, there were no Astartes on the bridge at all.

Im convinced these 2 are probably the best new evoke elementals in the set

Provide value, potential finisher and answers to alot of stuff on the board.

"Need a land? Gotcha
Ping a target? Boom!"

"Need blockers? Gucci!
Close out the game? Bet!" (edited)
I really like them

Emptiness is definitely taking out a creature at a great rate.

A mini reanimation spell is definitely nothing to sneeze at either.

Wistfullness is really cool with card advantage and handling stuff on the board.

If you could cast these at instant speed, broken imo.

But in all, I LOVE the art on all of them!

FASTING TIMELINE

General Physiology (varies by person)

4-8 hrs:

- **Blood sugar** decreases
- Your body is digesting the last meal
- **Insulin** production decreases

12-14 hrs:

- State of **ketosis** begins for some people
- Digestive system rests
- **Human Growth Hormone** (HGH) starts to rise

16-18 hrs:

- **Fat burning** & ketones may increase
- Body's **inflammation markers may shift** & repair of damaged DNA begins

24 hrs:

- **Cellular "cleanup" pathways** (including **autophagy**) begin
- Glycogen stores may decrease
- **Ketones** may increase further

@MonikaBanach.Official

36 hrs:

- **Autophagy increases**
- Increase in **fat loss**, dopamine, and anti-aging benefits
- Microbiome reset

48 hrs:

- **Immune system reset** & regeneration
- Fat burning is optimized
- Dopamine pathways reset
- **HGH increases**

72 hrs:

- Body breaks down old immune cells & makes new ones
- IGF-1 & PKA reduced = increase in "**stem cells**" production
- Research explores **immune cell turnover & signaling changes**

Educational only. NOT Medical Advice. Not for everyone. Do NOT fast if you have a history of eating disorders.

Rapping with passion is something I always look for. To do this just pick topics and subjects you really like. That way the passion will spill over into the writing. Next is to just give that same output when its time to record it.
